

BASIC SOUND WORKSHOP FOR EDUCATORS

Music Teachers and Choir Directors: Are you tired of having your Christmas and other school concert events ruined by terrible sound and screeching feedback? Have you seen enough parents with their fingers in their ears to last you a lifetime?

If the answer is “Yes,” then the “Basic Sound Workshop for Educators” is something you won’t want to miss.

In a three hour comprehensive and focused workshop, you will learn how to properly set up and equalize a simple sound system and interface it with multiple microphones and multimedia devices such as CD and DVD players, laptops and projectors, IPODs and more.

Saturday, October 2nd | 1 to 4 pm

L&M Winnipeg - 651 Stafford St., 204-284-8992

\$50 / 3-hour session

Registration is limited. For more info or to register for this class, send an email to jcharney@long-mcquade.com or call 204-284-8992
